## Products of the highest quality for every home!

# ДНІПРОМЛН

**DMK DNIPROMLYN LLC is one of the first and largest grain processing enterprises of Ukraine. For more than a century, we have been perfecting the production of products for millions of consumers and are reliable partners of well-known retail chains in the country.**

The advantages of the enterprise's work are provided by full control over the processing of raw materials at each stage of production, the introduction of the latest technologies and the installation of modern equipment of leading European brands. The high quality of products meets all regulatory documents and is carefully checked by laboratory staff. Since 2012, the company has implemented the international quality system HACCP, which is annually confirmed by international auditors. Automation of packing lines allow to turn off the human factor when packing products and the ingress of any foreign objects into the packaging.

“

Thanks to a strong and highly qualified team of employees, a transparent business system, a special approach to the production process, the enterprise DMK DNIPROMLYN annually expands the markets for the final product and has favorable conditions for positioning a domestic manufacturer in the European arena.

DMK DNIPROMLYN this is always guaranteed quality, the best grain, fruitful cooperation and recognition of Ukrainian families. After all, DMK DNIPROMLYN is the highest quality product for every home!
